

Thank you for showing interest in providing freight services for Foley Products Company. Whether you are a broker or common/contract carrier (independent carrier) we are looking for providers who have a presence in the Southeast and can meet our delivery needs in a safe and timely manner.

To complete your Application for Service, please see the attached PDF for submission. Upon receipt of your completed Application for Service and the required Certificate of Insurance we will review the information for approval to haul for us.

Please complete the following form in its entirety and submit per instructions at the bottom of the form.

Please include a Certificate of Insurance with your submission, as follows:

- Show Foley Products Company, P.O. Box 2447, Columbus, GA 31902, as Certificate Holder.
- Show evidence of the following coverage to include policy start/end dates:
  - General Liability – no less than \$1,000,000 limit
  - Auto Liability – no less than \$1,000,000 limit
  - Workers' Compensation - if required by your State
  - Umbrella/Excess Liability – if applicable
  - Motor Cargo coverage
- Provide a 30 day notice of cancellation.
- Ensure signature of "Authorized Representative" is present on the certificate.

In the event of an accident, property damage, cargo damage etc., you will be responsible for the claim and reimbursement to Foley Products Company for the loss. It is your driver's responsibility to ensure the load is secured in accordance with FMCSA/DOT standards. FMCSA standards for the securement of concrete pipe can be located at <https://www.fmcsa.dot.gov/regulations/cargo-securement/drivers-handbook-cargo-securement-chapter-7-concrete-pipe-loaded>.

It will be the carrier's responsibility to provide an adequate amount of wood dunnage and blocking material for each load. Adequate dunnage shall be defined as enough wood to run two parallel lines the entire length of the trailer plus the ability to block the bottom row of pipe. Drivers arriving to load at a Foley Products location with an insufficient amount of dunnage may purchase the additional dunnage from Foley Products Company. The cost for dunnage will be deducted from the carrier's freight invoice.

Any product damaged during load securement or transit will be your and the driver's responsibility, and we will deduct the full sales price from any invoices due. Product damaged during unloading at the jobsite by the customer will not be your responsibility and must be clearly noted by the driver on his paperwork and signed by the customer.

## **BILLING**

Invoices must contain a copy of the signed bill of lading along with an itemized invoice. Invoice can be submitted by either US Mail or email to one of the following:

Foley Products Company  
P.O. Box 2447
